

AgDevCo Reporting Concerns

March 2023

If any external 3rd party has concerns which would not trigger our Whistleblowing Policy (<https://www.agdevco.com/about-us/code-of-conduct/>) you may report these concerns to us via any of the contacts listed on our website: <https://www.agdevco.com/contact-us/> or via the following email:

reportingconcerns@agdevco.com

This is a mailbox set up to receive third party reports or grievances and will be monitored by the General Counsel and Director of Impact and ESG at AgDevCo. Please ensure that the report or grievance includes as much detail as possible, including your name and contact details, identification of the parties concerned and their connection to AgDevCo, information about the area of concern giving rise to the report and how this affects you (if applicable). Please also make clear whether you require your identity to be kept confidential.

If you want to raise your concern confidentially, every effort will be made to keep your identity secret. If it is necessary for anyone investigating your concern to know your identity, this will be discussed with you beforehand.

AgDevCo take our responsible investment commitments seriously as outlined in our Responsible Business Principles (<https://www.agdevco.com/our-approach/investment-criteria/>) . Should you wish to report a concern anonymously you may do so via any of the channels listed and we will endeavour to investigate though we note that anonymous reporting does restrict our ability to investigate and report back the findings of investigations into issues.

We will endeavour to respond to any reports of concern received within 5 working days.
