

AGDEVCO INVESTS IN AFRICAN AGRICULTURAL ENTERPRISES CREATING JOBS AND LINKING FARMERS TO MARKETS

WHAT WE DO

- AgDevCo invests debt and equity in African SME agribusinesses that work with smallholder farmers
- Our mission is to build profitable businesses operating at scale which can contribute to food security, drive economic growth, and create jobs
- We recycle all profits into new investments

WHAT WE OFFER

- We provide \$250,000 to \$10 million for early-stage and growth capital, either as debt or equity
- We can provide concessional finance for certain activities including agri-infrastructure and direct farmer support programmes

OUR TEAM

- AgDevCo has been investing in African agribusinesses for over seven years. Our experienced team comprises investment, legal, agribusiness and development professionals
- Two-thirds of our staff are located in African country offices where they have strong local networks
- Our commercial agriculture team advises on best practice in farming and agribusiness - we are Africa specialists

WHAT WE LOOK FOR

- AgDevCo is actively seeking investment opportunities in our target countries across the agribusiness value chain
- Potential investee businesses should demonstrate commercially viable business models and measurable benefits for local communities
- AgDevCo requires all investees to adopt environmental, social and governance best practice

HOW YOU CAN GET INVOLVED

If you are interested in supporting AgDevCo, partnering with our investees, or accessing funding for your agribusiness venture, please contact us:
